Summary

I believe in my community. In 20+ years as a licensed Realtor with a wide range of experience in both the public and private sectors, there's one thing I've discovered that always holds true: "The client comes first."

Research Foundation Board Member

UNIVERSITY OF SOUTH CAROLINA— Columbia, SC

- SCRF's mission is to support faculty in conducting research at the university via grants, development of infrastructure, curation of intellectual property, and facilitation of the business incubator. The Board is comprised of University President, Bob Caslen, and nine other faculty members, along with a handful of community leaders. The Board's main purpose is to unite the community in order to create new and improve existing business partnerships that enrich both the University and the citizens of South Carolina.
- The Foundation serves to facilitate research for the business, medical, and pharmacy schools. Its goal is to create a collaborative relationship between the city, state and its municipalities. In doing so, our hope is to provide students and faculty with projects that will broaden their knowledge base, form lasting relationships with various members of the business community, while finding solutions to any problems that may arise along the way.
